

# Ultra-high-speed Scan

Up3d Scanner Up400

Specializing in developing scanners over 8 years

# UP400

## Ultra-high-speed Scan

Automatic add-scan

### Open System

Support PLY format  
Enables to import 3shape  
and EXOCAD files directly

### High Speed Scan

Only need 14s to scan  
unsectioned model

### Upgraded Upscan Software

Optimize the UI layout and  
upgrade the core algorithm  
to delive faster scan speed and  
less post-processing time.

## Ultra-high-speed Model Scanning 14s For Unsectioned Model, 11s For Sectioned Model

Powered by upgraded software algorithm,UP400 is able  
to scan the modle with high speed and improve your efficiency

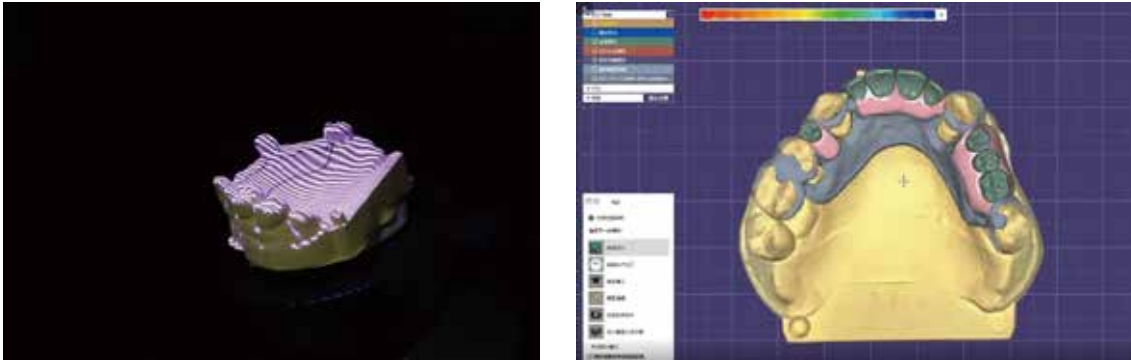

Unsectioned model

UP400 scan data

## Open System, Better Integration Highly Restore The True Color Of The Model To Help Rpd Design

UP400 is able to provide you the true color images, Combining with variety of design software such as exocad and 3shape to achieve the easiest PRD design

## With The Ultra-high-speed Scan Up400 Provides You The Better Scan Experience

### Post & core impression scanning

Only need 33 seconds

### Triple Tray Impressions Scanning Only Need 70 Seconds

# UPSCAN

## Upgrade Scan Software

New UI interface,  
post-processing speed upgrade

### Freely Switch Scanning Steps

Support freely switch scanning steps,  
no need to re-create the order,  
simple and convenient operation

### Full Arch Automatic Add-scan

One click on the software can add-scan automatically

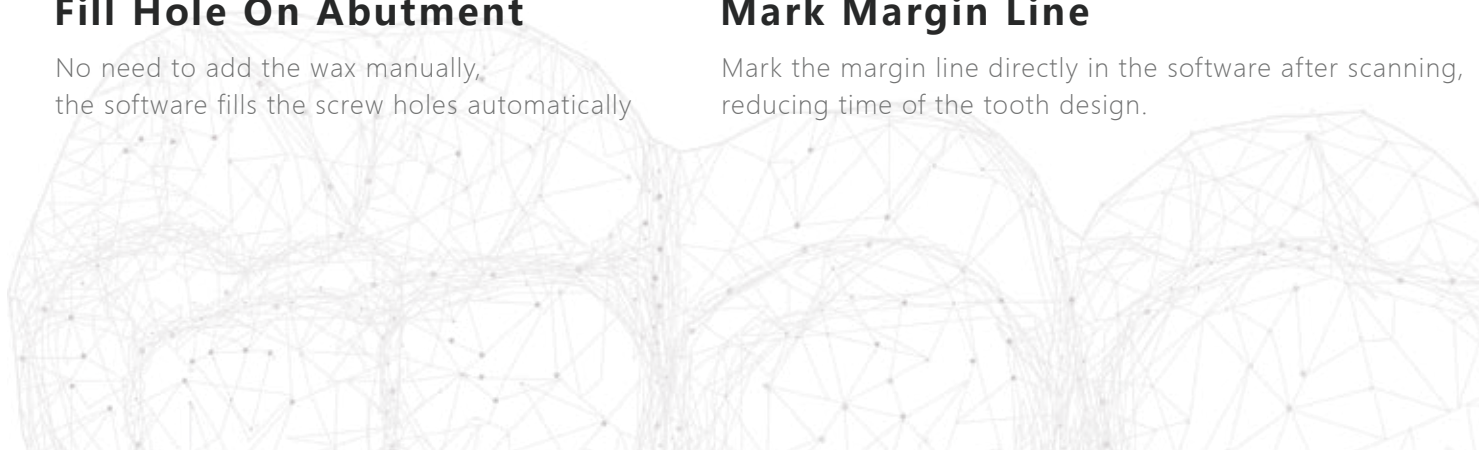

### Fill Hole On Abutment

No need to add the wax manually,  
the software fills the screw holes automatically

### Mark Margin Line

Mark the margin line directly in the software after scanning,  
reducing time of the tooth design.

# Up3d Scanner Series Parameters

Model	<b>UP400</b>
Size	355*268*384 (mm)
Weight	10kg
Cameras	2*1.3 (mp)
Accuracy	8 microns
Projector	Customized blue-light / Multi-color scanning
Interface	USB 3.0
Output Formats	STL; UM; PLY; OBJ
Power Supply	AC110-240V , 50HZ
Product Features	All-in-one scan One click scanning triple tray Detect margin line True color texture scan
Main Feature	Unsectioned models scan All-in-one smart scan
Scan Speed	Full arch: 11s Unsectioned models scan: 14s post&core scan: 33s All-in-one: 20s Triple tray: 70s True color texture scan: 16s
